Spanning three islands, encompassing 348 acres and providing access to 12 miles of Lake Murray shoreline, Dreher Island State Park is one of the Midlands' most cherished natural sanctuaries. Visitors are drawn by a variety of recreational water activities, meandering nature trails and striped and largemouth bass fishing that has attracted numerous national fishing tournaments. With three boat ramps providing access to nearby Lake Murray, plus in-water refueling, Dreher Island is a favorite among the region's recreational boaters.

In case of emergencies, dial 911 and notify a park ranger.

All sites are available for reservation. Please check in at office before setting up on-site.

All park rules and regulations are posted throughout the park. Please contact a park ranger if you have any other questions, and we hope you have a safe and memorable experience at
Dreher Island State Park.
